# Holiday Party

## The Holiday Party is ON!!!

**New Location:** [Wulin Institute](#)

**New Date:** Sunday, December 12th at 7PM

Our Holiday party was scheduled to be hosted by Greg and Cathy Hockel on Thursday, December 16th. However, due to unforeseen circumstances they are unable to host this year.

Jackie Colestock has graciously offered to host the Holiday party at the **Wulin Institute (164 E Furnace Branch Road, Unit B, Glen Burnie, MD 21061)** on **Sunday, December 12th at 7 PM.**

The space is plenty large enough giving us room to spread out. There are tables and chairs (though we always suggest that extra be brought) and parking.

### Potluck

It's potluck so please bring a dish to share. [Click here to signup](#). The password is "ACC2021".

The club via our host will provide non-alcoholic drinks, cups, plates, napkins, and utensils. We will need a volunteer to pick them up.

It's Bring Your Own Beer and wine.

Due to the location, we will not have access to an oven. However there is electricity so crock pots and hot plates can be used. You may need to bring an extension cord.

### Gift Exchange

As usual, we will have a White Elephant gift exchange at the party. Due to COVID concerns, the gift exchange is completely voluntary.

If you decide to participate, please bring a gift for the exchange under \$25.00.

Everyone who brings a gift draws a number. The person who draws #1 then picks a gift, opens it, and shows it to the rest of the company. Then, in ascending numerical order, the participants choose to either pick and unwrap a new gift from the gift pile or "steal" a previously unwrapped gift. If a gift is "stolen", the person who had their gift taken from them gets to pick from the gift pile or "steal" a gift from someone else. The turn then passes to the next number (if a gift was chosen from the pile) or to the person who was just robbed (if a gift was stolen). Gifts can only be stolen two times (the third owner is the final owner), and a gift can not be immediately re-stolen. When all the gifts have been opened, the game is over.

Camera club folklore tells of a gift so bad that it has been re-gifted at our Christmas party for ~30 years. It disappears and is lost for years at a time, then suddenly reappears. That gift is the Pretty Neat Cosmetic Organizer. What are the odds it will reappear this year?

# 2021-2022 Contest Themes & Info

## Interesting Perspectives (December)

Perspective in photography is defined as the sense of depth or spatial relationship between objects in a photo, along with their dimensions with respect to what viewer of the image sees. By changing perspective, subjects can appear much smaller or larger than normal, lines can converge differently, and much more. The most common and often least interesting perspective is “eye level.” At first we were going to define Interesting Perspectives as “Anything NOT at Eye Level”. Try these (1) Shoot down on your subject. (2) Shoot up at your subject. (3) Lie down and shoot from ground level. Click here for examples of [Interesting Perspectives Photography](#).

## Abstract (February)

This category should include images that are in some way altered from the usual way it is viewed. The photograph can concentrate on color, form, texture, pattern, line or other aspect of the object. The subject of the photograph may be an identifiable object, but should be rendered in a way that the identity of the object is secondary to aspects of form, color (or tone), lines, shapes, or texture. That is, the subject may be recognizable, but the photograph should not be representational. The distinction can be subtle, and ultimately will reside with the judge. Click here for examples of [Abstract Photography](#).

## Architecture (April)

The subject should be a building, group of related buildings, or other man-made structure such as a bridge or tower or a portion thereof. Both interior and exterior photographs are allowed. Images may focus on the structure as a whole or a part of it. Click here for examples of [Architecture](#).

## Tricolor Ribbons

During a contest, when all three of a club member’s photos win a ribbon, we award them a special red, white, and blue tricolor ribbon. In September, JC Williams won a tricolor ribbon in Unlimited Digital.

## Promotions

To advance from the Novice Class to the Unlimited Class in a category, members must accumulate 50 points in that category. Winners are allotted points for each ribbon they win as follows:

- 1st Place - 8 points
- 2nd Place - 6 points
- 3rd Place - 4 points
- 4th Place - 2 points
- Honorable Mention - 1 point

# Congratulations - Fred Venecia

Congratulations to Fred Venecia for his two prizes won at the 2021 MPA Photo Contest. Arundel camera club had a total of 26 entries in the contest, which had a total of 514 entries. Of the 44 winners, Fred had two winners.

80% of MPA clubs had winners in the contest, which had four categories--Animal Life (141 entries), Elegant Perfections (126 entries), Maryland Highways and Byways (85 entries), and People in Action (162 entries). This was the 5th year for the contest. The MPA awarded a 1st, 2nd, and 3rd place in each of the four categories with 10% Honorable Mentions in each category.

The photos will be posted soon on the MPA website as will be the awards program, which did a nice job of including commentary from the three judges on each image. It was one of the most instructive such programs I have seen.

The judges included Eileen Rafferty, Mollie Isaacs, and Charles Needle—all three well known photographers, presenters, and workshop leaders.

Congratulations to Fred!!!

Third Place in Animal Life category for Fred's eagle photo, Lunch Time.

Honorable Mention in the Maryland Highways and Byways for Fred's photo, Laurel Train Station.

# Club Information

## Meeting Nights

Starting August 26, the Arundel Camera Club meets every Thursday evening from 7:00 PM until 9:00 PM. Due to COVID-19 we will be broadcasting our live meetings to FaceBook.

Meetings are open to the public, but only dues paying members may enter competitions and participate in critiques. Meetings alternate between programs of informative speakers, photographic assignments, and photographic competitions. Competitions give us a chance to show off our work and to get constructive critiques from our judges. Ribbons are awarded for first through fourth place and honorable mention. Normally we have competitions for color prints, monochrome prints, and digital images. Currently we are only holding digital competitions. Competitions are held for both novice and unlimited club members. Awards are awarded at the end of year banquet. The club also has monthly photographic field trips to locations of interest. This is a chance to go out and practice what we learned during programs, a time to socialize with other club members, and a chance to do a little photographic exploration.
