In Memoriam - Scott Dine

Scott who was 91, has been attending club meetings in recent years remotely via Facebook Live from his home in Northern Virginia. Scott was made a Lifetime member of the Arundel Camera Club.

Scott spent 35 years at the Post-Dispatch working as a Sunday Pictures Magazine photographer, a photo editor and director of photography, and was inducted into the Missouri Photojournalism Hall of Fame.

In Memoriam - Scott Dine

I began taking pictures and processing film in a darkroom consisting of a blanket draped over a table in our garage. I was thirteen.

Some of my photographs ended up in the Amarillo (TX) Globe-News and I began hanging around their newsroom when I was about 16 in 1950.

The Post-Dispatch was founded by Joseph Pulitzer His grandson Joseph Pulitzer III, was the publisher during my time there. It was a first-rate operation, one of America's best regional newspapers.

So, I worked full-time for fifty years, but I still practice the craft, read about it, study it. I can't put the camera down.

Photographs that need no explanation are the ones I find most interesting.

Follow your instincts, photograph what interests YOU not a CONTEST JUDGE.
