Jean Friday won the Grand Prize in the Anne Arundel County Fair Photography Contest for her photograph of a Red Tail Hawk. The winning photograph was taken on a camera club field trip last fall at the Baltimore Zoo.

Thanks to the work of Dan Frame, the Arundel Camera Club now has a Web Page. The URL is <http://start.at/acc> This web page will contain copies of newsletters, the bylaws, the contest rules, and the previous month's winners. There will also be links to web pages for individual members and other useful sites.

Field Trip: On Oct. 3, the Camera Club will have a field trip to the National Zoo. We will leave from the Severna Park Park and Ride at 7:00 am.

Field trip: On Oct. 18, the club will have a field trip to photograph the fall foliage. The destination is yet to be determined. **Club Auction October 21** Now is the time to put your darkroom in a neat condition by offering at auction all excess photographic items. This is the club's biggest money-raiser of the year and it should be another big money-raiser this year.

The club receives 50% of each sale and the seller the other 50%. Of course, items can be donated for the good of the club.

A Short Story I stopped to take a few photos of a tractor and a log cabin at the Hammond House on Aviation Blvd. After finishing the man in charge was ready to close up but first struck up a conversation with me. He explained the origins of some of the items on the grounds and asked if I would bring back a picture for him. Somewhat surprised at this, I remarked that the Hammond House had been photographed countless times. He agreed, but admitted that many promised him a photo but no one returned with one. I thought to myself that no one from the ACC ever photographed the Hammond House since each club member would not forget such a promise.
