Our annual Christmas party will not be the same unless we play our popular traditional game. If you desire to have a little fun, bring along a packaged gift (under \$10 in value) with no identifying [name tag](#), and place it in the designated area. You will be given a number. The game begins with the person having number 1 who will take a gift from under the tree or designated area and open it for all to see. Then it will be no. 2's turn. But No. 2 can take a gift from under the tree or the gift that No.1 already has. If No 2 selected the gift that No. 1 has, No. 1 gets another chance to select a new gift from under the tree. The game continues, in this manner, until everyone has had a chance to select his gift.
