Field Trip January 27th Howard Penn, Ted Golczewski, Kathy Dulisse, Mike Dulisse, Jean Friday, Elizabeth Gauld, Peter Buchmann, Robert Young and Frank Maminski met at Marshalls at 6:00 am and traveled to Bear Branch Nature Center for a morning photographing a red tailed hawk, a bald eagle, kestrel, horned owl, barn owl, spotted salamander, tiger salamander, black rat snake, black ringed snake, turtles and toads.

There was about 4 to 5 inches of snow on the ground in the Westminster area but despite the snow the morning was comfortable. The birds of prey were tethered on evergreen trees while the reptiles were set up table-top style. The bald eagle was free-flying in a large walk-in cage and two photographers were allowed in to photograph it at one time. Lunch was at Baughers. Mike Dulisse, Kathy Dulisse, Ted Golczewski and Frank Maminski stopped at Patapsco State Park to round off an enjoyable day.

If you are interested in visiting Bear Branch Nature Center at Hashawha Environmental Center, here are the travel directions:

- Go west on #695
- North on #97 for 3 miles.
- Turn right on John Owings Road (next to Carroll County Sports Complex)
- Travel 1 ½ miles to Hashawha Road
- Turn left on Hashawha Road
- Travel 1/4 mile to Bear Branch Nature Center on the right. (410) 848-2517
