ACC Holiday Party - December 19, 2001

At 7:30ish, the annual Arundel Camera Club's annual holiday party will be held at the Ritter residence at *(deleted for web)* in Severn. All the necessary information you'll need will be included in the directions. *(webmaster note: Please see your mailed copy for directions!)*

Bring your spouse, friend or whomever and join in the merriment of a social gathering.

If you have time and energy, you are also invited to bring along a dessert or appetizer.

A game has been played at the Christmas Party for several years and will be played again this year. If you desire to have a little fun, bring along a packaged gift (under \$10 in value) with no identifying name tag and place it in the designated area. You will be given a number.

The game begins with the person having number #1 by taking a gift from under the tree and opening it for all to see. Then it will be number 2's turn. But before No. 2 makes a selection he or she can either take a gift from under the tree or take No. 1's gift and so on until everyone has had a chance. A person needs to give up his gift but any specific gift can be taken a limit of 3 times and then whoever has it owns it. There is a certain unusual gift that turns up each year and somehow adds to the tension and excitement of selecting the right gift. The origin of this gift is best told by Holly Bevan.

So bring your X-ray eyes and beware of the phantom gift.
