

# Lens Line Newsletter

A black and white photograph of a vintage camera lens mounted on a lens mount with a scale, resting on a technical drawing. The lens is a large, dark, cylindrical object with a textured, knurled top. The lens mount is a metal ring with a scale around its circumference, showing markings for 0, 30, 40, 50, 60, 70, 80, and 90 degrees. The entire assembly is placed on a surface with a technical drawing or blueprint, featuring various lines and geometric shapes.

3 Program: TBD

6 EOY Contest

10 Business Meeting

17 Contest: Club Events

24 End of Year Banquet

31 Officer's Meeting

TBD: Field Trip: TBD

# 2016-2017 Themes

**Humor/Whimsical** - This theme will be challenging. You must take photos that evoke a sense of humor or whimsy, both of which are very subjective. Humor is defined as the quality of being amusing or comic, especially as expressed in literature or speech. Whimsical is defined as playfully quaint or fanciful, especially in an appealing and amusing way. Whimsical can also be defined as acting or behaving in a capricious manner. Click here for examples of [Humorous Photographs](#) and [Whimsical Photographs](#). Take them for what they are worth but remember the final interpretation will be by the judge.

**From the Kitchen (not food)** - We all have a kitchen. This theme can be basically any photo taken in a kitchen or a photo of anything that can be found in a kitchen. For example people cooking or washing dishes or seated around the kitchen table enjoying a meal. Although the image may include food, it should complement the scene and not be the primary subject of the photograph. [Click here for examples](#).

**\*Scapes** - Photographs of land, water, groups of buildings, clouds or a combination of these. The image should not be a close up. An image of a single tree or flower is not a landscape but a photograph of a forest or field of flowers is. A landscape photograph may include people, man made objects and wildlife but these should complement the scene and not be the primary subject of the photograph. Also includes cityscapes and seascapes. Click here for examples of [Landscapes](#), [Cityscapes](#), and [Seascapes](#).

**Decay** - Decay can be defined as to decline from a sound or prosperous condition, to fall into ruin, or to decline in health, strength, or vigor. Your challenge is to create images that document or convey the sense of decay. [Click here to find examples of images of decay here](#).

# Club Information

## Meeting Nights

The Arundel Camera Club meets every Wednesday evening when school is in session and weather permitting. We only meet if the School is open. Check for school closings at the following link <http://www.aacps.org/>.

We meet at 7:30 p.m. and usually end before 9:30 p.m. Meetings are open to the public, but only dues paying members may enter competitions.

Meetings alternate with programs of informative speakers and photographic competitions. The purpose of programs are to bring in highly talented photographers to show us how to improve our photography.

Competitions give us a chance to show off our work and to get constructive critiques from our judges. Ribbons are awarded for first through fourth place and honorable mention. We have competitions for slides, color prints, monochrome prints, and digital images. Competitions are held for both novice and unlimited club members. Awards are awarded at the end of year banquet.

The club also has monthly photographic field trips to locations of interest. This is a chance to go out and practice what we learned during programs, a time to socialize with other club members, and a chance to do a little photographic exploration.

## Membership Rates

Students.....	\$17.50
Individual .....	\$35.00
Family .....	\$15.00 each additional family member

## Directions

We meet in room 114 at the Severna Park High School which is located at 60 Robinson Road, Severna Park, MD 21146-2899. The best place to park is in front of the school. We have to enter and leave by the front doors. We must put the room back the way we found it and vacate the building by 9:30 PM.
